

Dearest Lillian -

You would certainly have a  
large time if you were in Westford.  
Snow several inches deep, then ice then  
some more snow, hard to walk on  
but only pretty. Have done my family  
washing this A.M. hoping it would be  
dry enough to iron tomorrow A.M.  
Cleaned the house gotten ready to go to the  
Church for two different Committee  
meetings, then home to get supper for my  
husband & two boys <sup>and</sup> back to town  
for a Red Cross Class at 7: o'clock. No,  
we haven't a car <sup>and</sup> I will walk, but  
soon I fear every body will be  
walking too - We are from as far as  
blue turkey hen" (I always wondered  
why she was blue) but very very  
happy. Every minute is full of family  
church & school. We have been

living in Beckley for six years  
have built a small house with  
two unfinished rooms upstairs  
that we want to finish just as  
soon as we can, then our  
house will really be comfort-  
able. Mac is mining <sup>everywhere</sup>  
at five Creeks & three other  
places. must go - Will  
finish again  
Love Beas
